Memorial Walkway in Front of the Maine Lighthouse Museum

Maine Lighthouse Museum
Rockland, Maine

The Maine Lighthouse Museum is the largest museum of its kind in the nation. It is unique in that it keeps the nations heritage of lighthouses and lighthouse keepers for future generations to enjoy. Funds to support the Museum are being raised through the sale of dedication bricks that will become a permanent part of the landscaped walkway and stairway entrance apron. The restoration of the current walkway is expected to begin in late spring. Once completed the brick walkway with your dedication will last for generations. Your help with making this project a success is urgently needed.
